

BEST PRACTICE CONSULTATION SERVICE

What is it?

The Best Practice Risk Management Line® provides human resource professionals and organizational leaders access to experts who provide proactive advice, best practices, and strategies for preventing and managing workplace risk.

Why do I need it?

This resource is especially useful in sensitive or difficult workplace situations when an expert opinion is needed for good decision making. This ensures that situations are handled correctly, reducing the need for escalation or materialization of a claim.

You can...

Save your organization money by reducing risk and receive unlimited consultations!

Address Risk

Address people risk before it becomes workplace risk.

Educate

Educate yourself so you can make informed decisions.

Feedback

Receive unbiased feedback on your workplace issues.

Guidance

Receive guidance in implementation.
